

The same real person, just for home.

Keep your family's computers, phones, and tablets safe and running — no big-box store, no call center. Month-to-month, cancel anytime.

Home Plans

HOME PROTECT

\$18 /month

1 Windows device

- WhiteCloud Security application whitelisting
- Blocks unrecognized software by default (zero-trust)
- Good for a single family PC that needs real malware protection

HOME COMPLETE

\$57 /month

Up to 4 devices — +\$12/mo each additional

- Everything in Home Protect
- Remote monitoring & support (GoTo Resolve)
- Device management for phones & tablets too (Scalefusion) — not just Windows PCs

Any mix of laptops, desktops, phones, and tablets. Home Protect is Windows-only (WhiteCloud Security); Home Complete covers everything.

Billing Terms

- Month-to-month, billed in advance — cancel anytime, no long-term contract
- One-time setup fee: \$75 (initial cleanup & device enrollment)
- No minimum device count, no minimum monthly spend
- Rates reviewed annually with 30 days' written notice
- In-home on-site visits: \$110/hr + travel (current IRS standard business rate)

This rate card is a reference for standard pricing and is not a binding offer on its own — see the Personal IT Services Agreement.

Not sure what you need?

Send me a quick message about what's going on with your devices, and I'll tell you honestly which plan fits — or if you just need a one-off fix instead.
